

# Load a Swiss Bankers prepaid card

The screenshot shows the BCGE online banking interface. At the top, there is a navigation bar with 'Cards' selected. Below it, a table lists prepaid cards and banknotes. The first card is highlighted, and the 'Reload' button is clicked. This opens a 'RELOAD CARD' form where the loading amount is set to 150.00 EUR and the debit account is selected. A 'Reload' button is visible at the bottom of the form. Below the form, a confirmation message states: 'Your request has been registered. Follow your status in the "Overview of future movements" tab in your account statement.'
