

The screenshot displays the BCGE payment wizard interface. At the top, there's a navigation bar with the BCGE logo and various account balances. Below this, the 'PAYMENTS' section is active, showing a search bar and a list of beneficiaries. The 'ENTER NEW PAYMENT' form is visible, with fields for beneficiary name, account number, amount, and payment type. A 'Make the payment' button is located at the bottom right of the form.

The payment wizard is a tool that allows you to make your payments simply and quickly.

The search engine helps you to enter a payment that has already been made. The data input during previous payments is recorded, i.e.:

- the account number
- the surname or first name
- the type of payment

All you have to do now is complete the missing elements.

- 1 Input the account number or IBAN, the surname or first name of the beneficiary.
- 2 The wizard will offer you a selection of beneficiaries. Select the beneficiary corresponding to your requirement.
- 3 A payment entry window opens; the beneficiary's data fields are already filled in. Fill in the empty fields and check the information you have input.
- 4 Click on "Make the payment".

This new feature replaces the "payment model" option and assists you with all your transactions.
